

Dear Student and Parent:

Welcome to **Stepping Stones to Success!**

Did your high school student miss participating in cotillion? Does your cotillion graduate need some refreshers? **Stepping Stones to Success** is here to help!

This seminar will offer instruction for many situations your student is encountering. Topics to be covered include: making great first impressions, introductions, networking, and making conversation. We will offer extensive preparation for job interviews and the ever-popular Table Manners! A three-course meal will be served to practice and enhance those table skills.

By participating in **Stepping Stones to Success**, your student will gain confidence and knowledge on how to put their best foot forward and make lasting positive impressions in a variety of settings.

Class size is limited and will be filled in order of registration received.

Please note, no dancing material will be presented.

We look forward to seeing your student!
